★★ 4010

ALLCOR one of the fastest ways to apply an authentic aged look to your illustrations is through the use of quality retro and vintage textures. Whether you're making up a concept for a client or working on a personal project, the right texture can quickly take your work to the next level.

However, finding the perfect texture or making one yourself isn't always an option when you're short on time, so we've curated a list of the best free textures (both retro textures and vintage textures) for you to refer back to whenever you need to quickly add some depth or age to your designs. (And we've included links to premium alternatives too.)

## Artistic SERIES

Let your home be an art in itself with these artistic laminates. Handcrafted to perfection, these artistic laminates will render a unique yet a luminous look to your cabinets and furniture. It will blend in with the overall décor and make it the perfect setting for an artistic masterpiece. Let the artist in you speak through these colors and patterns on our laminates.

"Trends, reoccurring events and circumstances. These are common ways we in which see patterns. Patterns are the laws of nature and life that present themselves in all disciplines of life from the smallest microorganism to macrocosm. They manage the systems by which our universe operates. While patterns aren't always apparent, they are continuous and autonomous."

# TECHNICAL INFORMATION

Thickness: 1.25mm (+/-10%)

Standard Size: 1220x2440mm

Allcor manufactures excellent and best quality of PVC Laminate in India. Thus we can commit its promises of durability and reliability.

**ALLCOR PVC LAMINATES HANDLING**

**CUTTING & BENDING:**

Allcor PVC laminates can be cut, routed and drilled with the same standard tools which are mostly used in wood works. (We recommend to use Diamond cutter blade for cutting and V - Groove cutter for bending up to 90°). All blades must be sharp to remove any burrs while cutting process. Use a smooth file to feather all corner edges.

**90° BENDABLE PVC LAMINATES**

Allcor PVC laminates sheet can be bend up to 90° & applied to hide the edges. The PVC Laminate sheet can be easily cut trimmed using a saw (Manual or electric) or a sharp knife. No special tools are required.

**CLEANING & MAINTENANCE**

- The surface of PVC Laminates should be gently cleaned using a very Soft handed.
- Do not clean PVC laminates with strong chemicals.
- Please do not use any sharp objects like knives and cutter machines on the surface of the laminates.
- Keep away from direct sunlight.

**LIGHTWEIGHT & STRONG**

Allcor PVC laminates light weight, good mechanical strength and toughness are key technical advantages for its use in all surface applications.

**ENVIRONMENT SAFE**

Allcor PVC laminates is non-toxic. It is a safe material and a socially valuable resource. It meets all international standards for safety and health for both the products and applications for which it is used.

**STORAGE**

It is recommended to not store the Allcor PVC Laminates vertically. Horizontal storage is preferable. The laminates should be stored in a cool and dry place.

**NOTE:**

Before cutting the PVC Laminates please check the batch number and color of the PVC Laminate. As color may vary batch to batch. No replacement will be done after cutting the PVC Laminates.

In case of any claim due to manufacturing defect, the liability of the company is only limited to the cost of PVC sheet only. ALLCOR is not liable for the color variations from batch to batch production. The sample here only represent the designs, colors and finishes. They do not represent actual thickness.

Do not remove The protective sheet on the laminates before the fixing is complete. Remove the protection film within 15 days of installation.
